

the EVASONS

MENTALIST DUO | TELEPATHISTS

Bio

The Evasons are one of very few married couples in history who have mastered the rare and mysterious art of Second Sight. Fate and destiny brought them together. Originally from the Caribbean island of St. Lucia, and a small island on the St. Lawrence River in Canada, Tessa and Jeff first met each other in Toronto. Their shared interests in ESP, mentalism, and magic eventually turned into a one-of-a-kind award-winning show that has taken them to over 40 different countries.

Now based in the USA and Canada, The Evasons travel the globe to entertain audiences worldwide at private parties and gala events. They have appeared on NBC, CBS, FOX, CW Network, CBC, CTV, Discovery Channel and Amazon Prime Video. They have entertained troops overseas and headlined cruise ships and casino showrooms. They have appeared at the Comedy and Magic Club in Hermosa Beach, the Great American Comedy Festival, and the world-famous Magic Castle in Hollywood. They consulted on Guillermo del Toro's critically acclaimed Hollywood film, *Nightmare Alley*. And they are the only mentalists in history to perform interactive mentalism feats at NBA halftime shows before crowds of over 20,000 people!

The Evasons are recognized globally as the World's Foremost Mentalist Duo. They were the first recipients of The Mentalism Award from the Milbourne Christopher Foundation. They were awarded the highest honor for distinguished professionalism by the Psychic Entertainers Association. They are the only mentalists ever to receive the SARMOTI Award from Siegfried & Roy in Las Vegas. And they've been nominated for Stage Magicians of the Year by the Academy of Magical Arts in Los Angeles.

When you see the Evasons in action you'll understand why on Penn & Teller's international primetime TV show *Fool Us*, Penn & Teller said: "The kind of mental gymnastics that are done on this are unbelievable. This act is so good! Just breathtaking! We've never seen better!" And on the *World's Greatest Magic* on NBC, The Evasons were called "The finest act of its kind in the world!"

The Evasons do not use plants, stooges, or concealed electronic cueing or signaling devices (including hidden microphones, earphones, cameras or radios) to secretly communicate with each other. They pledge to pay \$100,000 to anyone who can prove otherwise! Even skeptics are baffled by their abilities.

The Evasons love inspiring people to open their minds to new possibilities. "We're not trying to change beliefs," Jeff and Tessa explain, "only to spark imagination and tickle the sense of wonder!"
